Kind words from clients and coworkers

“I do want to tell you that it’s been great working with Peter. He’s been one of the most conscientious people I’ve ever worked with, and there wasn’t ever a tiny glimmer of half-assedness in anything he did on this, everything was clear and well thought-out. And I don’t mean just the exterior, I’m constantly amazed at how easy the backend is to use; the way he set it up is totally intuitive and anticipates almost every eventuality I’ve run into. He perfectly turned my half-formed idea into a great, working site that people universally seem to really like. Really, really good work. Let me know any time I can recommend you guys [the team at Linden].”

— Jeff Swenerton, Center for Resource Solutions

“Thanks for all your help. It feels good knowing an intelligent, responsive, good communicator is now heading up our website team.”

— Karla Oceanak, author of the Aldo Zelnick comic series and
coworker at Linden

“Forgot to mention how much I love our new website and how easy it is to make changes and uploads. I am so happy that I made the decision to let Peter develop it for us. He’s fabulous to work with!”

— April Wantiez, Macleod Pharmaceuticals

“I love it! Sorry I don’t have a lot of ‘constructive criticism’ but I just love it all. It’s so full of information, but not cluttered; easy to scan and see the high points, find what I’m looking for, etc. Navigation is clean and works. Great job! (Of all the websites that folks have posted on the list seeking input, so far, yours is one of the absolute best. I rarely respond to this kind of post unless the site has obvious problems, or is truly impressive. Welcome to the second category.)”

“The only question I have is: How are you so very awesome?”
